DRY CARGO *international*

Dry Cargo International's Unique Concept

Dry Cargo International (DCi) is the only monthly magazine covering the dry bulk industry. It is essential reading for all senior executives and decision-makers in the industry, and is the leading source of vital market information.

The publication owes its success to an innovative approach to the provision of key information on the global dry market in an accurate, comprehensive and timely manner. It does so by understanding and responding to the needs of today's senior executives and decision-makers. This has resulted in the origination of separate and dedicated sections, each representing a major industry sector within the international dry bulk market. Each sector has its own news and features and enables maximum assimilation of market information in the minimum time frame.

Trade & Commodities:

Monthly, quarterly and annual trade trends and developments including news within all dry bulk commodities including coal, met coke, petcoke, iron ore, DRI and HBI, non-ferrous ores and concentrates, grains, animal feeds and agribulks, cement and cement clinker.

Engineering & Equipment:

Technology developments, new equipment orders and deliveries, latest design innovations, continuous ship unloading and conveying solutions, specialist stockyard systems, turnkey project management, rail and road handling and engineering consultancy. Plus: Coal Handling Grain Handling and Bulk Equipment Handling Directories.

Ports, Terminals & Logistics:

Ports and bulk terminal operations, new ports and bulk terminals construction and development projects, cargo tonnage throughputs as well as logistics.
Plus: World Coal, Terminal Guide, Global Ports and Terminals Directory.

Breakbulk & Bagging:

Global trade and analysis of steel products, forest products, pulp & paper, unit cargo handling and storage techniques, FIBCs, bags and bagging technology, specialized breakbulk handling systems.

Shipping & Transportation:

Bulk carrier owners and operations, shipbuilding and repair, self-unloading shipping and geared bulk carriers and monthly freight market analysis focusing on Capesize/Panamax/Handymax and short-sea bulk carrier market sectors and vessel classification.

Special & Regional Reports:

International country and regional reports focusing on all aspects of the dry bulk industry including import and export trade figures, ports and terminals developments, shipping and logistics and materials handling.
